</table>

1 MATH 2106 is not required but may be used toward the required 15 hours.

General Notes:

- It is the major advisor’s responsibility to verify that students are using only courses from the designated block(s) from the student’s major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.
- A maximum of 3 semester hours of Special Topics courses may be used to satisfy the course requirements for a minor.
- A maximum of 3 semester hours of Undergraduate Research credit may be used to satisfy the course requirements for a minor.
- No Special Problems or Internship coursework may be used.
- All courses used to satisfy the course requirements for a minor must be completed with a grade of C (2.00) or better.
- Courses must be completed on a letter grade mode.
- A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.
- A maximum of 3 semester hours of credit earned by an Advanced Standing Examination can be used to satisfy the course requirements for a minor.
- At most one of MATH 3215, MATH 3225, and MATH 3670 can be included in the minor.
- At most one of MATH 3406 and MATH 4305 can be included in the minor.
- Institute undergraduate minor guidelines must be satisfied.
