In addition to the guidelines listed below, you are responsible for reviewing and following the general guidelines for minors: http://www.catalog.gatech.edu/academics/minorguide.php

The multidisciplinary Science, Technology, and Society minor must comprise at least 15 semester hours, of which at least 9 semester hours are upper-division coursework (numbered 3000 or above).

A multidisciplinary minor may contain courses in a student’s major field of study. A maximum of 6 semester hours of such courses may be used to satisfy the course requirements for the minor, provided these courses are not also used to satisfy any course requirement in the student’s major degree program.

**Required Coursework (minimum of 2 courses from HTS and 2 courses from LMC):**

*Choose from the following:*

- **HTS: (6 hours)**
  - 1081, 2080, 2081, 2082, 2084, 2100, 3001, 3007, 3020, 3021, 3046, 3081, 3082, 3083, 3084, 3085, 3086, 3087

- **LMC: (6 hours)**
  - 3102, 3104, 3106, 3108, 3110, 3112, 3114, 3116, 3118, 3214, 3219, 3302, 3304, 3306, 3308, 3318, 3352

Additional 3 hours from any of the above courses.

Three hours taken outside of STS courses may be counted toward the minor, with approval of the HTS minor advisor.

A maximum of 6 semester hours of Special Topics courses may be included in a minor program.

A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.

All courses counting toward the minor must be taken on a letter-grade basis and must be completed with a grade of C (2.00) or better.

It is the major advisor’s responsibility to verify that students are using only courses from the designated block(s) from the student’s major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.
