BILLING

A complete itemized statement of the student account is available online to students and authorized users. Georgia Tech does not mail invoices to students.

To access a student’s account, go to Buzzport and click the PayNow–Bursar icon on the Home or Student tab, or go to the Pay Now links on the Bursar’s website, Payment Instructions, at bursar.gatech.edu. A student or authorized user logs into the Bill+Payment portal with their credentials. Registration changes impacting tuition and fee charges, as well as online payments, are updated in real time to show the most current information on the account. Parking, Meal Plan, and other auxiliary charges are uploaded daily to the student account. Tuition and other charges are subject to change without notice.

Notices from the Bursar’s Office concerning a student account are sent to the student’s Georgia Tech e-mail account, which is the Institute’s official means of communication with students. It is the student’s responsibility to ensure all requirements of their account are satisfied by the payment deadline for a term. Questions concerning charges, payments, or credit balances on the student account should be directed to the Bursar’s Office. Verbal misinformation is not grounds for waiver of a regulation.
