BACHELOR OF SCIENCE IN
INTERNATIONAL AFFAIRS
AND MODERN LANGUAGES

In partnership with the Sam Nunn School of International Affairs, the School of Modern Languages offers a joint Bachelor of Science in International Affairs and Modern Language (IAML) with separate concentrations in Chinese, French, German, Japanese, Korean, Russian, and Spanish. Students in this program take the same required core courses as for the Bachelor of Science in International Affairs, but also receive intensive foreign language training and learn the fundamentals of dealing with foreign cultures and societies. IAML students learn how to formulate the policy decisions that must be made in an increasingly multilingual and multicultural global forum. Our graduates are prepared for advanced graduate and professional study and are ready for employment in a large arena of globally oriented businesses, government agencies, as well as social service and not-for-profit organizations.

This requirement can be met through one of two ways:

1. Complete a minimum 6-week overseas experience. If this is not a country whose primary language is in the student's language of study, the student must justify and receive prior approval.

2. Complete a 15-week internship or similar experience of at least 10 credit hours per week at an international organization such as consulate, CNN International, etc. The internship must be approved in advance.

Students must complete 39 hours of upper division (3000/4000-level courses). Fifteen hours of the free electives, language, or technology requirements must be upper division (3000/4000-level coursework).

For all language courses, the language of instruction must be the same as the language of learning. English-taught culture courses will not apply to language requirements.

Six credit hours are counted in Core IMPACTS Arts, Humanities & Ethics, and 15 in Modern Languages Electives.

2. Minimum grade of C required.

3. CHIN/FREN/GRMN/JAPN/KOR/RUSS/SPAN courses below 2002 may count toward the free elective courses.

4. Technical elective.
