

MINOR IN COMPUTING AND ARTIFICIAL INTELLIGENCE

Minor in Computing

For those students majoring in disciplines other than computer science who wish to gain a deeper understanding of computing and its applications, the College of Computing offers the minor in computer science. [Click here](#) for additional information.

[Minor Program of Study & Guidelines](#)

Program of Study

The Computer Science – Artificial Intelligence track minor must comprise at least 16 semester hours of computer science coursework of which at least 9 hours must be at the 3000 level or higher.

Code	Title	Credit Hours
Prerequisite		
CS 1331	Introduction to Object Oriented Programming ¹	
Required Courses		
CS 1332	Data Structures and Algorithms for Applications	3
CS 2110	Computer Organization and Programming	4
CS 3600	Introduction to Artificial Intelligence	3
	Select one CS course each from the following:	6
	Embodied Intelligence	
	Approaches to Intelligence	
Total Credit Hours		16

¹ Prerequisite must be taken but **is not** included in the required 16 hours.

- CS Minor application is required.
- ECE students with credit for ECE 2035 and either ECE 2020 may substitute one CS 3000/4000 level Intelligence Thread course for CS 2110 and complete the minor with 15 hours instead of 16.
- No Special Problems or Internship coursework may be used towards the CS minor.
- A grade of A or B is required for CS 1301/CS 1315/CS 1371 and CS 1331. All other minor courses must be completed with a grade of C or higher.
- Only CS courses are included in the minor.
- A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.
