

MINOR IN ENGINEERING AND BUSINESS

The Engineering and Business Minor is offered by the Colleges of Engineering and Business. It is a course of study that enables undergraduate students in Engineering and Business to learn one another's language through innovative coursework and interdisciplinary team projects focused on solving real-world problems presented by the Program's Corporate Affiliates.

The curriculum of the Minor in Engineering and Business requires the completion of 22 semester credit hours.

Minor Program of Study & Guidelines

Program of Study - Track for Business Administration Students

Code	Title	Credit Hours
Required Courses		
COE 3002	Intro to Microelectronics and Nanotechnology Revolution	3
ME 2110	Creative Decisions and Design	3
ME 3141	Cutting-Edge Eng Seminar	3
ME 3743	Analysis of Emerging Technologies	3
ME 3744	Managing Product, Service & Technology Development	3
ME 4741	Integrative Management Development - Project Preparation	3
ME 4742	Integrated Technology and Management Capstone Project	4
Total Credit Hours		22

- Students who are admitted to the T&M Program must satisfy the requirements for a bachelor's degree in their major.
- The minimum, cumulative GPA required for applicants to the Denning T&M Program is 3.0 based on a minimum of 12 hours earned at Georgia Tech. In order for accepted students to maintain their eligibility to remain in the T&M Program, they must maintain a minimum 3.0 GPA for the classes required by the Denning T&M curriculum. All courses used to satisfy the requirements of the minor must be taken for a letter grade and must be completed with the grade of C (2.00) or better.
- A maximum of 3 credit hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.
- It is the **major advisor's responsibility** to verify that students are using only courses from the designated block(s) from the student's major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student's major degree program may also be used to satisfy the course requirements for a minor.
