

MINOR IN NAVAL SCIENCE

The minor in Naval Science will familiarize the student with basic and advanced concepts of Naval Science with emphasis on naval history, technology, and leadership. The Institute's motto of "Progress and Service" is embodied in military service. This minor will support the students who plan to serve their country by recognizing their academic achievement outside of their major coursework. The minor will also give students who do not pursue military service a basic working knowledge of the United States Navy and Marine Corps. Concepts learned complement any chosen career path.

Program of Study

Code	Title	Credit Hours
Select 15 hours from the following courses:		
NS 1321	Introduction to Naval Sciences	3
NS 1323	Naval Maritime History	3
NS 2321	Naval Leadership and Management	3
NS 2323	Navigation	3
NS 3323	Evolution of Warfare	3
NS 3325	Naval Weapons Systems	3
NS 3326	Naval Engineering Systems	3
NS 4320	Naval Operations and Seamanship	3
NS 4322	Naval Leadership and Ethics	3
NS 4333	Fundamentals of Maneuver Warfare	3

A minimum of 9 credit hours of upper-division coursework must constitute the required 15 credit hours of minor coursework. Students may not repeat any course for double credit. Courses may be taken in any order, but students are highly encouraged to complete NS 1321 before enrolling in any other courses.
