MINOR IN SCIENCE, TECHNOLOGY, AND SOCIETY

LMC provides minors in Film and Media Studies, Performance Studies, and Technical Communication. The School also co-sponsors minors in

- East Asian Studies;
- Health, Medicine, and Society;
- Science, Technology, and Society; and
- Women, Science, and Technology.

Students wishing to pursue any of these minors should consult LMC for detailed information concerning requirements. Courses for all minors are selected from "Courses of Instruction."

LMC also sponsors a series of certificate programs in American Literature and Culture, Film Studies, and Literary and Cultural Studies. Students should consult the LMC director of undergraduate studies for detailed information on requirements. The courses for these certificates are among those listed in "Courses of Instruction," and all fulfill humanities requirements.

LMC and the School of History and Sociology also cooperate in providing a certificate in African American Studies. Students should consult either school for detailed information concerning requirements. Courses for this certificate are selected from among those listed in "Courses of Instruction" and from the list offered by.

The Science, Technology, and Society minor will provide a context for understanding how science and technology fits within our social world, past and present. It offers students a better understanding of how science and technology develop and change, how they are represented and understood in culture, and how various social and historical contexts shape science and technology. This area of study also develops analytical abilities, verbal and written communications skills, and the critical thinking. It is good preparation for a broad array of careers, including business, education, government, and law.

Minor Program of Study & Guidelines

Program of Study

The multi-disciplinary Science, Technology, and Society minor must comprise at least 15 semester hours, of which at least 9 semester hours are upper-division coursework (numbered 3000 or above).

A multidisciplinary minor may contain courses in a student’s major field of study. A maximum of 6 credit hours of such courses may be used to satisfy the course requirements for the minor, provided these courses are not also used to satisfy any course requirement in the student’s major degree program.

Three credit hours taken outside of STS courses may be counted toward the minor, with approval of the HTS minor advisor.

Required Courses

Select two of the following: 1

- HTS 2080 Introduction to the History of Disease and Medicine
- HTS 2081 The Scientific Revolution
- HTS 2082 Technology and Science in the Industrial Age
- HTS 2084 Technology and Society
- HTS 2100 Sci, Tech & Modern World
- HTS 3001 American Economic History
- HTS 3007 Sociology of Work, Industry, and Occupations
- HTS 3020 Gender and Technology
- HTS 3021 Women in Science and Engineering
- HTS 3046 Science, Politics, and Culture in Nazi Germany
- HTS 3076 History of Intelligence and National Security
- HTS 3080 History of Rocketry
- HTS 3081 Technology and the Environment
- HTS 3082 Sociology of Science
- HTS 3083 Technology and the Shaping of American Society
- HTS 3084 Culture and Technology
- HTS 3085 Law, Technology, and Politics
- HTS 3086 Sociology of Medicine and Health
- HTS 3087 History of Medicine

Select two of the following: 1 6

- LMC 3102 Science, Technology, and the Classical Tradition
- LMC 3104 The Age of Scientific Discovery
- LMC 3106 The Age of Scientific Revolution
- LMC 3112 Evolution and the Industrial Age
- LMC 3214 Science Fiction
- LMC 3219 Literature and Medicine
- LMC 3302 Science, Technology, and Ideology
- LMC 3304 Science, Technology, and Gender
- LMC 3306 Science, Technology, and Race
- LMC 3308 Environmentalism and Ecocriticism
- LMC 3318 Biomedicine and Culture
- LMC 3352 Film and/as Technology

Select 3 credit hours from any of the above courses: 1 3

Total Credit Hours 15

1 The multi-disciplinary Science, Technology, and Society minor must comprise at least 15 credit hours, of which at least 9 credit hours of upper-division coursework (numbered 3000 or above).

- All courses counting toward the minor must be taken on a letter-grade basis and must be completed with a grade of C (2.00) or better.
- A maximum of 6 credit hours of Special Topics courses may be included in a minor program or the student may complete 3 credit hours of Special Topics and 3 credit hours of either Special Problems or Undergraduate Research. Students may not use 6 credit hours of either Special Problems or Undergraduate Research for a minor.
- A maximum of 3 credit hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.
- It is the major advisor's responsibility to verify that students are using only courses from the designated block(s) from the student's major
field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.
