

MINOR IN SOCIOLOGY

For students in other majors interested in broadening their educational experience at Georgia Tech, the School of History and Sociology offers minors in history; sociology; Health, Medicine, and Society; Science, Technology, and Society; Sports, Society, and Technology; and participates in the interdisciplinary minors in Social Justice; and Women, Science, and Technology.

The study of sociology develops analytical abilities, verbal and written communication skills, and invaluable critical tools for understanding the contemporary world. Sociology is good preparation for a broad array of careers, including business, education, public administration, and social work.
