

TRANSFER PROGRAMS IN THE COLLEGE OF ENGINEERING

To encourage and accommodate students who desire to study engineering but may prefer to attend a community college, a Historically Black College and University (HBCU), or a gender specific college, the College of Engineering offers the opportunity to transfer to Georgia Tech via the Dual Degree Engineering Program (DDEP) or the Regents' Engineering Pathway Program (REPP).

For further information concerning these programs, please access the following sections of the College of Engineering website:

Dual Degree Engineering Program (DDEP)
Regents' Engineering Pathway Program (REPP)
